INTERIOR & EVENT STYLING FOR ALL

What we do:

Here at **EVERGREEN** we love helping individuals with any aspect of styling their homes or an event. Whether it's merely a quick in-person meeting, an "e-consult" or an end-to-end service a client is looking for, we're here to help and make styling accessible to all.

WHAT WE OFFER

HOME STYLING

Aside from its literal meaning of foliage that remains green, **EVERGREEN** is also defined as something that retains its freshness and interest. That is our goal here at **EVERGREEN** - to refresh your home in a simple yet impactful fashion that doesn't break the bank. We partner with our clients to identify incremental aesthetic changes that will have a lasting impact in their homes, and a design process that best suits their needs. Together we craft a styling plan & budget that will bring those changes to life, and help them execute that plan in an efficient & effective manner.

EVENT STYLING

We're also here to help you prepare for your next gathering, with hopes of making it a seamless, joyous process. Whether you're hosting a small get together with friends or a large family celebration, the team at **EVERGREEN** can help you beautify your home or transform an event space specifically for your needs in a way you never expected. We will enable you and your guests to bask in the beauty of a thoughtfully designed event and celebrate without the burden of having to manage any of the planning and execution. Jointly we craft a styling plan & align on a budget to achieve your party planning goals.
